

Cholesterol and Vitälzým Testimonials

CHOLESTEROL

Vitälzým makes me feel great. I am now full of energy. My wife loves results. She says I look younger. I am very pleased with results as my cholesterol level was lowered. Thank you Dr Wong for being so helpful. I am so happy with Vitälzým I am sending it to my family in Africa.

-- Laye D, Columbus, OH

I was seeing a regular physician because my tricyclites were 635. I started taking 10 Vitälzým 2 times per day. 6 months later I went back to my regular physician and my tris were down to 325.

I had kidney operation and a quadruple bi-pass within a week. My legs ache when walking. Taking Vitälzým has helped me feel better

-- Howard L, Encinitas, CA

I am 43 and retired from the Air Force with disabilities. I've had progressive arthritis since I was 30 and cholesterol of nearly 300. My MD's answer was to double my anti-cholesterol and anti-inflammatory medicine. Instead, I saw Naturopath Doctor Blue, who put me on Vitalzym. After a month, most of my joint pain was gone. After two months all pain was completely gone and my cholesterol was down to 167. I just mailed my Mom, who has debilitating joint inflammation a bottle. I pray she has the same blessing that I've had. Thanks World Nutrition.
